\$750

ESECO - Speedmaster® is a manufacturer of photographic, graphic arts, and X-ray equipment. Our products are made and serviced in the USA and backed by over forty years of technical experience. All ESECO products come with a one year **No Hassle warranty**.

The **Speedlight SL-2** is the smallest and most reliable sensitometer available for quality control of x-ray processing systems. Green and Blue sensitive film exposures are precalibrated in the **Speedlight SL-2**.

Operation is Simple:

- (1) Select the Green or Blue exposure setting to match the film type
- (2) Raise the top and insert the film to the film stop and close
- (3) Press the Expose button
- (4) Remove the film after the tone (typically 0.5 sec.) and process

APPLICATIONS: The Speedlight SL-2 is ideal for mobile labs, medical clinics, mammography and other x-ray uses.
